BILL CARTY BLASTS OFF

The amusement editor of the Fort Lauderdale News has this to say about Bill Carty: "Any attempt to capture this nimble-minded comic with words is like trying to grab a satellite with a catcher's mitt."

And you'll agree when you tune in on the same wave length with this zany character who can keep you howling from start to finish. One thing for sure, after listening to this one for a couple of spins you will be able to devastate the office force with your unending supply of quips and new jokes. You'll never be able to take Carty's place but you'll have loads of fun trying.

PUNCHINELLOS PARTY PLATTER
Starring Ralph Michaels and Duke Stewart

Recorded during an actual performance at the Jolly Roger Hotel in Fort Lauderdale, Fla., this record introduces to the record buying public, two of the zaniest guys ever to stagger out on a nite club floor. And once they stagger out, it's just one laugh after another until they stagger off again. Their wonderfully explosive quality has been captured in this album. Dick Hoekstra of the Fort Lauderdale News says: "My advice is to spin it, step back, fasten your laughing belts and get ready to be launched into a hurricane of harmony and hysteria."

DE LEON ROARS
STARRING JACK DE LEON
A NEW COMEDY KING FROM THE JUNGLES OF MANHATTAN
HIGH FIDELITY RECORDING - D2

"DE LEON ROARS"

Starring Jack De Leon

A new star flashes into orbit in the comedy field. Comedian, actor, writer, mimic, cartoonist and wit, Jack De Leon produces a show with a cast of hundreds . . . and plays every part himself. When you spin this one you'll find it hard to believe that there is only one man cavorting around in such a varied set of misadventures but, believe it or not, it's a fact and a testimonial to Jack's versatility. You'll especially like Prince Phillip initiating Tony into the mysteries of the Royal Court but we would advise you not to play it while your English friends are visiting.

"ON FRATERNITY ROW"

Starring Eddie Carroll and the Kidney Stone Trio

Have you ever been to a real campus rumpus? If you haven't, you've missed a wild blending of laughs, songs and intoxicatingly interesting conversation. Eddie Carroll and the Kidney Stone Trio kick off a blast "ON FRATERNITY ROW" that will warm the hearts of every guy and gal who ever lifted a cold stein of beer in good company. Listen closely to the "Election Song" — a topical satire on you know what and raise your voice with the gang on that perennial favorite "Lord George." Recorded live at a real blast on campus. Pick it up, invite the gang over, break out the beer and have a ball.

HIGH FIDELITY RECORDING D-4

"GET GAY WITH GALLÉZ"

Starring Weela Galléz

There are a number of male comedians making it pretty good in the recording field at the present time. So far, no female has even been able to make a dent in this lucrative and fast-growing field. So far, these males haven't had to contend with a bombshell like Weela Galléz who can hold her own with anyone, male or female. Razor-sharp and lightning-quick with the ad libs, Weela has created a vast following among the better nite clubs and lounges and is now prepared to tackle this heretofore all male domain, and just between us, don't take any bets against her crashing right through to the top of the heap within the next month or two. She will fracture you with such Galléziśms as: "I'm reaching that age where my voice is changing . . . from "No" to "Yes." "I'm putting on so much weight I've started to drink skim whiskey."
